

Sakar Bhattarai

Kathmandu, Nepal

Mobile: +977 9860853385

Email: sakar.bhattarai17@gmail.com

Nationality: Nepali

Personal Profile

Motivated and enthusiastic BSc Computer Science student at GISMA University of Applied Sciences with a strong interest in software development, problem-solving, and emerging technologies. Passionate about continuous learning and building technical and practical skills in the field of Computer Science.

Education

2026 – 2029: Bsc in Computer Science (present)

GISMA University, Berlin, Germany

2023 – 2025: Higher Secondary education in Science faculty

Prasadi Academy, Lalitpur, Nepal

GPA: 3.68/4.00

Relevant Subjects: Computer Science, Mathematics, Physics, Chemistry

Experience: Fundamentals of programming, strong analytical, logical and problem-solving skills.

Secondary Education (grade 10)

Chelsea World School, Kathmandu, Nepal

GPA: 3.65/4.00

Skills

1. Programming Languages: Python (Basic), JavaScript (Basic), C, C++
2. Software and Tools: VS Code, LaTeX, GitHub
3. Touch-typing: 55WPM, 95%(average accuracy)
4. Analytical and problem-solving skills
5. Language: English(B2), German(A2), Nepali(native)
6. Microsoft Office: Word, Excel, PowerPoint

Achievements

- Completed Higher Secondary Education in Science with a GPA of 3.68/4.00
- Achieved a typing speed of 55 WPM with 95% accuracy
- Developed foundational programming knowledge in Python and JavaScript
- Currently Learning German language (B1 level) for international academic and professional growth

Projects

• Computer Science Lab Coursework

Developed and organized localized application to implement core data structures and algorithmic paradigms. Focused on clean syntax structure, efficient loops, and memory execution logic using Python and C++.

• Personal Web Portfolio Deployment

Created a responsive developer website utilizing HTML, CSS, and the Bootstrap grid system framework. Optimized layout files for full cross-device rendering capability and integrated active links to public repositories.

• Academic Information Manager

Programmed a terminal-based console application designed to securely handle user input data flows. Implemented comprehensive exception catching, strict data type input validation, and foundational Object-Oriented programming structures.

Career Objective

Aspiring Computer Science student with a strong interest in software development and emerging technologies, seeking opportunities to develop technical skills and gain practical experience in the technology sector.
